

summer fun

Summer Fun Directory

We have included all of the programs for students with disabilities that have been brought to our attention. While some of the camps and programs are not specifically designed for children with exceptionalities, they follow a philosophy supporting inclusion and will make provisions for individuals needs.

Summer Fun was prepared for parents in Lorain, Erie and Huron Counties. Since we are not able to locate every resource available in each community, we hope our directory will encourage you to explore the opportunities in your area. Local school systems, the YMCA and YWCA, Red Cross and Community Centers provide many summer programs that welcome all children.
