Overview

The Implementation Management/Monitoring (IMM) Tool provides a way for districts to document how their District and School Plans will be implemented. The district or school can identify items to be measured, resources needed, persons/groups responsible, and the timeline for implementing.

The IMM Tool is available to any district user with CCIP access. The IMM Tool data is not available to the public and is not archived. The IMM Tool can be accessed via the Plan Overview screen for a District or School Plan.

DEVELOPMENT

Create IMM Tool

The IMM Tool should not be created until the Plan for the associated Fiscal Year has been finalized and approved by the District or School Leadership Team. The system will not allow a School IMM Tool to be created until the District IMM Tool has been created. When the user clicks the Create IMM Tool link from the District or School Plan Overview screen, they are taken to a confirmation screen.

Please note that once the IMM Tool is created, changes to the Plan will not automatically transfer into the IMM Tool. The Refresh Plan Attributes functionality would need to be used to synchronize the Plan and the IMM Tool.

The screenshot shows a web interface for the Department of Education. At the top, there is a navigation menu with the following items: [Plan Function](#), [Create Implementation Management/Monitoring Tool](#), [Print](#), [Change Log](#), and [View All School Plan Action Steps](#). A blue arrow points from a text box to the 'Create Implementation Management/Monitoring Tool' link. The text box contains the instruction: 'Click Create IMM Tool to be taken to the confirmation screen'. Below the navigation menu, the page header includes 'Department of Education' on the left and 'Session Timeout 00:59:49' on the right. A breadcrumb trail reads: [Home](#) > [CCIP](#) > [Planning](#) > [Implementation](#). A link for 'Printer Friendly Version' is located on the right side. The main heading is 'Create Implementation Management/Monitoring Tool Confirmation'. Below this, the text reads: 'Portsmouth City School District (044889) - Scioto County - 2009'. The main body of text states: 'The Implementation Management/Monitoring (IMM) Tool should not be created until the Plan has been reviewed and approved by the Organization Leadership Team. The IMM Tool is used to define progress measures, timelines, and resources associated with the implementation of the plan. Once the IMM Tool is created, a modification to the Plan will not automatically transfer into the IMM Tool. If the modification applies to the IMM Tool, then it would need to be updated in the IMM Tool by using the "Refresh Plan Attributes" function on the IMM Tool Sections page. Click confirm to proceed with the creation of your IMM Tool.' At the bottom, there are two buttons: 'Confirm' and 'Cancel'. A blue arrow points from a text box to the 'Confirm' button. The text box contains the instruction: 'Click Confirm to create the IMM Tool'.

Once the IMM Tool is created, changes to the Plan will prompt a warning message.

The screenshot shows the Ohio Department of Education's 'Create Goal' interface. The page header includes the Ohio Department of Education logo, a session timeout of 00:59:57, and a breadcrumb trail: Home > CCIP > Planning. A left sidebar contains navigation links for CCIP Home, Administer, Search, Inbox, Planning, Funding, Address Book, Contact ODE, Document Library, and Help. The main content area is titled 'Create Goal' and shows the context: Portsmouth City School District (044689) - Scioto County - 2009. A modal dialog box is displayed in the center, with the following text: 'The IMM Tool has already been created for this Plan. Changes to the Plan are not automatically transferred into the IMM Tool. Once the IMM Tool is created, the Refresh Plan Attributes feature on the IMM Tool Sections page must be used to incorporate Plan changes into the IMM Tool. Do you wish to proceed?'. The dialog has 'Yes' and 'No' buttons. The background form includes fields for 'Goal Title', 'Goal Description', and 'Performance Measure', each with a 'Check Spelling' button and a character count (0 of 2000 and 0 of 4000 characters respectively). 'Save' and 'Cancel' buttons are at the bottom of the form.

IMM Tool Sections

The IMM Tool Sections page provides a gateway into all of the implementation related components. This page exists at both the District and School levels.

Communication Approach

The Communication Approach page allows the District or School to identify when, how, and to whom information is disseminated.

The screenshot shows the Ohio Department of Education's web interface. The header includes the Ohio logo, the Department of Education name, and a session timeout of 00:59:58. The breadcrumb trail is Home > CCIP > Planning > Implementation. The main heading is 'Communication Approach' with a 'Printer Friendly Version' link. Below this, there are links for 'Return To Implementation Management/Monitoring Tool Sections' and 'Create Communication Approach'. A table lists communication approaches with columns for 'What (Will be communicated)', 'When', 'To Whom', 'By Whom', and 'How (Means of Communication)'. Callouts with arrows point to various elements: 'Click to return to the IMM Tool Sections Page' points to the main heading; 'Click to create a new Communication Approach' points to the 'Create Communication Approach' link; 'Click to delete the associated Communication Approach' points to a trash icon; and 'Click to update the associated Communication Approach' points to the text in the first table row.

Team Narrative Evaluation of Plan Results and Process

The Team Narrative Evaluation of Plan Results and Process page should be completed at the end of the implementation cycle. This page allows the district or school to identify the items that were effective and not effective.

The screenshot displays the Ohio Department of Education web application interface. At the top left is the Ohio Department of Education logo. The top right corner shows a session timeout of 00:54:29. A breadcrumb trail indicates the user is in the 'Implementation' section. A left-hand navigation menu includes options like 'CCIP Home', 'Administer', 'Search', 'Inbox', 'Planning', 'Funding', 'Address Book', 'Contact ODE', 'Document Library', 'Help', and 'SAFE Account Sign Out'. The main content area is titled 'Team Narrative Evaluation of Plan Results and Process' and is for 'Portsmouth City School District (044669) - Scioto County - 2009'. It features three numbered questions for narrative input, each with a 'Check Spelling' button and a character count of '0 of 4000 characters'. The user 'John Mamula' is logged in, with 'DEVELOPMENT' noted below their name.

3) Has our district plan been implemented with integrity, on-time and within budget?

Check Spelling

0 of 4000 characters

4) What lessons has the district learned as a result of implementing this plan (and how will they be applied to the next plan)?

Check Spelling

0 of 4000 characters

5) What should the district do to institutionalize successes and eliminate unsuccessful practices?

Check Spelling

0 of 4000 characters

Save Cancel

Print

The Print feature formats the entire District or School IMM Tool as a PDF. The print document includes the Implementation Details, Communication Approach, and Team Narrative Evaluation.

Copy IMM Tool into Next Fiscal Year

The IMM Tool may be copied into the next Fiscal Year. This is done at the same time that the Plan is copied into the next Fiscal Year. The user has the option to include the IMM Tool as part of the Plan Copy. If the user decides to include the IMM Tool in the Plan Copy, then the District IMM Tool and any Building IMM Tools would be copied forward into the next Fiscal Year.

Copy Plan Confirmation

Columbus Public Schools (043802) - Franklin County - 2011

The 2011 Plan should not be created until your district/agency is ready to begin the planning process for Fiscal Year 2011.

Once the Plan is created, a modification to the 2010 Plan will not be transferred into your 2011 Plan. If the modification applies to the 2011 Plan, then it would need to be updated in the 2011 Plan.

If you would like to work with a blank Plan, proceed with this Plan copy and then delete all Goals in the 2011 Plan. Deleting a Goal removes everything underneath that Goal, including Strategies, Action Steps, Building Level Action Steps, Fiscal Resources and Component Relationships.

If you would like to copy the Implementation Management/Monitoring Tool forward into the next Fiscal Year, check the box below. This will copy the Implementation Management/Monitoring Tool for the District Plan and all School Plans.

Copy Implementation Management/Monitoring Tool into the next Fiscal Year

Click confirm to proceed with the creation of your 2011 Plan.
