Teacher Training Research

Research shows that **technology without training is not effective.** The Technology Toolbox series is designed to provide **hands-on** training to teachers and administrators.

Access technology PD videoconferences for you entire staff with the ability to earn **graduate credit** through Ashland University!

About NORT²H

The Northern Ohio Research & Training Technology Hub (NORT²H) is an educational agency based out of the Educational Service Center of Lorain County. NORT²H researches emerging educational technologies to assist schools and teachers in selecting appropriate and proven technologies for the classroom. Once selected, training is provided to assist in implementing these technologies. Partnerships with vendors provide the best pricing scenarios for schools. For more information, contact Dave Miller, Director of Technology and Innovation at 440.324.3172 or miller@esclc.org.
